

African Influences: Dominican and Haitian Perspectives

- 1) What role has African culture and values played in the development of Dominican and Haitian culture and society?
- 2) How is Africa, African culture and values represented now in education and the media in Haiti or the Dominican Republic?
- 3) Does immigration / emigration from Haiti to the Dominican Republic and vice versa benefit each nation?
- 4) How can Haitian and Dominican people work together to build a better society on both sides of the island?
- 5) Do you agree that Haitians and Dominicans face the same range of immigration-related issues such as housing, immigration status, language barriers, access to education, and job opportunities? To what degree are their experiences the same?
- 6) Are there advantages to Haitians and Dominicans pooling their resources for the good of both groups?
