Pathways Requirements & Transfer

PATHWAYS REQUIRED CORE (RC) Pathways is CUNY's general education framework. For Required Core, students must take 2 English courses, 1 Mathematics and Quantitative Reasoning course, and 1 Life and Physical Sciences course. For more details visit the [Pathways Required Core website](#).

MATHEMATICS AND QUANTITATIVE REASONING MAT201 Calculus I is the required course but students may need to first take MAT115/117 Algebra & Trigonometry and/or MAT200 Precalculus.

PATHWAYS FLEXIBLE CORE (FC) allows students to choose courses based on interests, transfer or career plans, or for general exploration. Associate of Science students must take one course from each category listed below, plus an additional course from any category. View DegreeWorks or our [Pathways website](#) to see a full range of options, or talk with the program director or an advisor. Note: your program has specific requirements & recommendations listed below. The recommendations facilitate transfer to City College or other 4-year engineering programs.

- Creative Expression: **HUM101 Intro to Music** or **HUA101 Intro to Art** recommended
- Individual & Society: **HUP104 Ethics & Moral Issues** recommended
- Scientific World: **MAT202 Calculus II** required
- U.S. Experience in its Diversity: **SSN187 Urban Sociology** recommended
- World Cultures and Global Issues: **SSA101 Cultural Anthropology** recommended
- Additional (Scientific World): **SCP232 General Physics II** required

TRANSFER AGREEMENTS Engineering is a "dual enrollment" program. Once students complete their studies at LaGuardia and meet program requirements, they will have the opportunity to transition to City College as third year students in pursuit of a Bachelor's Degree in Engineering.
